

## Metal Fabrications

John D. Hotchkiss Ltd have been heavily involved with bespoke machining and large fabrication requirements of all shapes and sizes in many different engineering sectors including oil and gas within the UK over the past 60 years, all of which rely on tough, high-quality engineering solutions.

John D. Hotchkiss Ltd has established a reputation for high quality fabrication services and manufacturing services based on sound engineering principles.

The purpose built 12000sq ft factory at West Kingsdown, Kent, has 60 tonnes through workshop craneage and was designed predominantly for the refurbishment and rebuilding of plant machinery.
